GIOVANNI MANZONE – Piedmont ORGANIC Located in the gorgeous hilltop town of Monforte, the history of this family estate dates back to 1929 when Giovanni Manzone bottled his first wines from the historic hill of "Gramolere" and eventually added bottlings from the Barolo crus of "Castelletto" and "Bricat". The Wine Advocate describes Manzone as a winery that "... continues to produce some of the most unique Barolos in the zone. Although his hometown of Monforte is best known for structured wines, Manzone's vineyards are among the highest in the region, and as a result his wines show unusually delicate, often ethereal personalities"

TENUTA SANTA MARIA – Veneto ORGANIC						
<p>Official documents from as early as the mid-1500s attest to the Bertani family heritage in the Valpolicella region. At the start of the last half of the 1800s, brothers Gaetano & Giovanni Battista Bertani set out to establish the first commercial bottler in Valpolicella. They introduced revolutionary vine growing techniques developed by agronomist Jules Guyot, techniques to which Gaetano Bertani had been exposed during his years of political exile in France for his active role in the Italian Unification Movement against the Austrian Empire. Today, Gaetano Bertani, great-grandson of founding brother Gaetano, and his sons, Giovanni and Guglielmo, maintain the family tradition and philosophy. Now in its sixth generation, the Bertani enterprise continues in the tradition of one of the oldest winemaking families in Italy.</p>

Since 1670, the Feraud family's ancestors have cultivated vines in the Provence region. The name Pegau is an old Provençal word for a wine jug found in the excavations of the 14th century Popes Palace in Avignon. Domaine Pegau was created in 1987, when Laurence Feraud after her wine studies went home to help her father Paul Feraud at the domain. The property has belonged to the family for several generations. Today father and daughter have made Pegau into one of the most well-known producers of Chateauneuf du Pape.

DOMAINE DE LA SOLITUDE – Rhone
ORGANIC / BIODYNAMIC

Chateauneuf-du-Pape translates to "new house of the Pope" and refers to the relocation of the papal court to Avignon in the 14th century. Many Italian nobles moved to the area as well, and, thus the Lancon family members (owners of Domaine de la Solitude) are direct descendants of the Barberini family of Rome, still prominent family in Italy to this day - among their ancestors number Pope Urban VIII and two Cardinals. Since the Renaissance, through the French Revolution and into modern times, the family has played a part in the narrative that has been written about Chateauneuf-du-Pape. The Estate is a single plot of 100 acres, planted to 86 acres of red grapes and 14.8 acres of white grapes, with vines averaging 50 years of age. The viticulture is organic and moving towards biodynamic certification while the viniculture is as non-interventionist as possible under the watchful eye of winemaker Florent Lancon. Domaine de la Solitude produces a very elegant style, regarded as the most "Burgundian" of the major Chateauneuf du Pape houses.

DOMAINE RICHAUME – Provence

ORGANIC / BIODYNAMIC

Situated at the base of Mont Sainte Victoire in the heart of Provence, Richeaume was founded in 1972 by Swiss born/Yale based academic Henning Hoesch. Hoesch had very specific ideas for the estate, becoming one of the first in the region to both farm organically and to plant Bordeaux varietals. In the late 1990s Henning ceded winemaking duties to his son Sylvain, who had trained with Paul Draper at Ridge Winery. Heavily influenced by his time with Draper, Sylvain determined that the Provence AOC rules were not in line with his vision for the wines so Richeaume works exclusively under the IGP designation because it affords more creativity with less rigid regulation.

GARAGE WINE CO. – Maule ORGANIC Garage Wine Co. is the brain child of Ontario native Derek Mossman and his Chilean wife Pilar Miranda. Started, literally, in their Garage, it has grown to be a unique and dynamic project focussed on a series of individual old-vine, dry-farmed vineyards located in the Maule & Itata Valleys, south of Santiago. These small parcels are either farmed by them or the local subsistence farmers who continue to hand tend the vineyards traditionally. All lots are vinified separately with very low intervention. When Derek speaks of "provenance" he is referring beyond the terroir to the farming practices & traditions that have shaped the identity of these vineyards and the wines.
