Planted exclusively to Burgundian and Germanic varietals, the vineyard also includes the largest planting of Gruner Veltliner in BC. O'Rourke's Peak Cellars is an entirely estate winery sourcing all of it's grapes from the Lake Country appellation.

GIOVANNI MANZONE – Piedmont						
ORGANIC						
Located in the gorgeous hilltop town of Monforte, the history of this family estate dates back to 1929 when Giovanni Manzone bottled his first wines from the historic hill of "Gramolere" and eventually added bottlings from the Barolo crus of "Castelletto" and "Bricat". The Wine Advocate describes Manzone as a winery that "... continues to produce some of the most unique Barolos in the zone. Although his hometown of Monforte is best known for structured wines, Manzone's vineyards are among the highest in the region, and as a result his wines show unusually delicate, often ethereal personalities"

BINDI–SERGARDI – Tuscany SUSTAINABLE / ORGANIC						
<p>The Bindi Sergardi family heritage is one closely tied with the history of the Chianti and Chianti Classico region. For twenty-three generations—since 1349—the family has been deeply involved in the politics, economics, and culture of Siena. The current manager, Alessandra Casini Bindi Sergardi joined the company in 2005 following the 700 years-old tradition of her family in wine making. Inspired by her father Nicolo and following the courageous example of her grandmother Chiara and great grand mother Elisabetta, she gave new light to the family business. DOMAINE RICHAUME – Provence ORGANIC / BIODYNAMIC						
<p>Situated at the base of Mont Sainte Victoire in the heart of Provence, Richeaume was founded in 1972 by Swiss born/Yale based academic Henning Hoesch. Hoesch had very specific ideas for the estate, becoming one of the first in the region to both farm organically and to plant Bordeaux varietals. In the late 1990s Henning ceded winemaking duties to his son Sylvain, who had trained with Paul Draper at Ridge Winery. Heavily influenced by his time with Draper, Sylvain determined that the Provence AOC rules were not in line with his vision for the wines so Richeaume works exclusively under the IGP designation because it affords more creativity with less rigid regulation.</p>

GOMEZ CRUZADO – Rioja						
SUSTAINABLE						
The Gómez Cruzado winery dates back to 1886 when Angel Gómez de Arceche started to produce and bottle his own wine in Haro, at the very heart of Rioja Alta. This was in the day when the wine trade between Rioja and France passed along the Tudela-Bilbao line, and the key Rioja wineries were located around the station of Haro. The winery sits just 100m from the station to this day. Subsequently bought by Angel and Jesus Gomez Cruzado in 1916, and more recently by the Baños family, David González (winemaker) and Juan Antonio Leza (viticulturalist) now head up the winemaking team. They have been working with Gomez Cruzado for over 10 years, crafting wines from vineyards of old bush vines in the most elevated areas of Rioja Alta and Alavesa. They source from almost a hundred different plots across 3 distinct regions: Alto Najerilla, Bajo Najerilla and Sierra Cantabria. Sierra Cantabria (Rioja Alta and Alavesa).

RHYS VINEYARDS – California, Santa Cruz ORGANIC / BIODYNAMIC						
<p>Recommended to us by none other than Larry Stone, Rhys Vineyards was founded in 2004 by Kevin Harvey, a tech entrepreneur and passionate wine collector who frequented the vineyards of Burgundy and became close friends with a number of families behind the top domaines of the Cotes d’Or. When he started dabbling with the idea of planting his own Pinot Noir vines, Harvey was privileged to have access to these friends’ properties – researching the terroir, soil depth, structure, chemistry, hydrology, climate, among other attributes. Harvey then utilized this information to seek out what he thought were the best sites in California, looking for analogies in the vital characteristics that he believed drove the quality of the wine. His research led him to his own backyard – the rugged, rocky terroir of the Santa Cruz Mountains. Today, Rhys is a benchmark producer of great Pinot Noir, Chardonnay and Syrah with seven estate vineyards; six in the Santa Cruz Mountains and one in Anderson Valley, each capable of producing uniquely compelling, distinctive, soil-driven wine.</p>

CHILE

GARAGE WINE CO. – Maule ORGANIC <p>Garage Wine Co. is the brain child of Ontario native Derek Mossman and his Chilean wife Pilar Miranda. Started, literally, in their Garage, it has grown to be a unique and dynamic project focussed on a series of individual old-vine, dry-farmed vineyards located in the Maule & Itata Valleys, south of Santiago. These small parcels are either farmed by them or the local subsistence farmers who continue to hand tend the vineyards traditionally. All lots are vinified separately with very low intervention. When Derek speaks of "provenance" he is referring beyond the terroir to the farming practices & traditions that have shaped the identity of these vineyards and the wines.</p>

VER SACRUM – Uco Valley ORGANIC						
<p>Eduardo Soler and two friends started Ver Sacrum in 2012 with the concept of growing and vinifying Rhone varietals in the Uco Valley of Mendoza. Their winemaking ethos focuses on fresh, low alcohol, lighter skin contact, native yeast, honest, and easy drinking wines. All grapes are hand harvested and most are foot crushed as they believe in minimum intervention in the vineyards and winery with no corrections, filtration, or pump overs. They currently make wine from two different vineyards in Barrancas in Maipu and Los Chacayes in Uco Valley. They have planted Grenache, Monastrell, Carignan, Roussane, Marsanne, Mencia, Syrah, Teroldego, and Nebbiolo.</p>

LA CAYETANA – Mendoza ORGANIC						
<p>This is the sister project to Ver Sacrum. French grape varieties didn't really exist in Argentina prior to the mid-19th Century. Finca La Cayetana, just a short drive from Mendoza City, was the first planted with French grapes and was fully planted (70 Hectares) by 1860. The first building here was constructed in the late 1700s and was later extended in 1865 and 1949, the manor house of the first large winery estate in the area. The house was purchased in 2013 by Eduardo and Emilia Soler (Eduardo of Ver Sacrum) and is today home to an experimental vineyard / nursery as well as a cornucopia of stunning artworks.</p> <p>La Cayetana is fundamentally Emilia's project, with Eduardo's assistance in the vineyard and tiny winery (garage!). There are plantings of Cabernet Franc, Pinot Noir, Syrah and Pedro Ximenez (Criolla Blanca). Ancient techniques such as biological ageing (maturation under flor) are practiced alongside modern precision viticulture, all with the aim of restoring the great tradition of Los Vinos de la Tierra de la Cruz de Piedra.</p>

<p>CHATEAU DE LACQUY – Landes, Bas Armagnac</p> <p>SUSTAINABLE</p> <p>Chateau de Lacquy is one of the most prestigious and legendary producers in the Bas-Armagnac and a part of the five "Cru Legendaire" (legendary growths). Chateau de Lacquy has belonged to the aristocratic Boissesson family since 1711, thus making it the oldest family-owned producer of Armagnac. Though Chateau de Lacquy comprises 400 hectares of forests and agricultural land, only 18 hectares of the estate are dedicated to the production of Bas Armagnac resulting in very limited quantities of a legendary spirit.</p>
