The Capezzana estate was purchased from the Rothschild family in the 1920s by the Bonacossi family who were instrumental in the formation of Carmignano as a formal DOCG. <b>GOMEZ CRUZADO - Rioja</b>						
<b>SUSTAINABLE</b>						
The Gómez Cruzado winery dates back to 1886 when Angel Gómez de Arceche started to produce and bottle his own wine in Haro, at the very heart of Rioja Alta. This was in the day when the wine trade between Rioja and France passed along the Tudela-Bilbao line, and the key Rioja wineries were located around the station of Haro. The winery sits just 100m from the station to this day. Subsequently bought by Angel and Jesus Gomez Cruzado in 1916, and more recently by the Baños family, David González (winemaker) and Juan Antonio Leza (viticulturalist) now head up the winemaking team. They have been working with Gomez Cruzado for over 10 years, crafting wines from vineyards of old bush vines in the most elevated areas of Rioja Alta and Alavesa. They source from almost a hundred different plots across 3 distinct regions: Alto Najerilla, Bajo Najerilla and Sierra Cantabria. Sierra Cantabria (Rioja Alta and Alavesa).

<b>LARKMEAD - California, Napa Valley</b> <b>ORGANIC</b> Historic Calistoga winery dating back to 1895. Considered by none other than Andre Tchelistcheff, upon his arrival in Napa in 1938 to be one of the 4 best wineries in Napa. Today, winemaker Dan Petroski produces highly rated wines that show great power and finesse.

<b>RHYS VINEYARDS - California, Santa Cruz</b> <b>ORGANIC / BIODYNAMIC</b> Recommended to us by none other than Larry Stone, Rhys Vineyards was founded in 2004 by Kevin Harvey, a tech entrepreneur and passionate wine collector who frequented the vineyards of Burgundy and became close friends with a number of families behind the top domaines of the Cotes d'Or. When he started dabbling with the idea of planting his own Pinot Noir vines, Harvey was privileged to have access to these friends' properties – researching the terroir, soil depth, structure, chemistry, hydrology, climate, among other attributes. Harvey then utilized this information to seek out what he thought were the best sites in California, looking for analogies in the vital characteristics that he believed drove the quality of the wine. His research led him to his own backyard – the rugged, rocky terroir of the Santa Cruz Mountains. Today, Rhys is a benchmark producer of great Pinot Noir, Chardonnay and Syrah with seven estate vineyards; six in the Santa Cruz Mountains and one in Anderson Valley, each capable of producing uniquely compelling, distinctive, soil-driven wine.

<b>VER SACRUM - Uco Valley</b> <b>ORGANIC</b> Eduardo Soler and two friends started Ver Sacrum in 2012 with the concept of growing and vinifying Rhone varietals in the Uco Valley of Mendoza. Their winemaking ethos focuses on fresh, low alcohol, lighter skin contact, native yeast, honest, and easy drinking wines. All grapes are hand harvested and most are foot crushed as they believe in minimum intervention in the vineyards and winery with no corrections, filtration, or pump overs. They currently make wine from two different vineyards in Barrancas in Maipu and Los Chacayes in Uco Valley. They have planted Grenache, Monastrell, Carignan, Roussane, Marsanne, Mencia, Syrah, Teroldego, and Nebbiolo.

<b>LA CAYETANA - Mendoza</b> <b>ORGANIC</b> This is the sister project to Ver Sacrum. French grape varieties didn't really exist in Argentina prior to the mid-19th Century. Finca La Cayetana, just a short drive from Mendoza City, was the first planted with French grapes and was fully planted (70 Hectares) by 1860. The first building here was constructed in the late 1700s and was later extended in 1865 and 1949, the manor house of the first large winery estate in the area. The house was purchased in 2013 by Eduardo and Emilia Soler (Eduardo of Ver Sacrum) and is today home to an experimental vineyard / nursery as well as a cornucopia of stunning artworks.  La Cayetana is fundamentally Emilia's project, with Eduardo's assistance in the vineyard and tiny winery (garage!). There are plantings of Cabernet Franc, Pinot Noir, Syrah and Pedro Ximenez (Criolla Blanca). Ancient techniques such as biological ageing (maturation under flor) are practiced alongside modern precision viticulture, all with the aim of restoring the great tradition of Los Vinos de la Tierra de la Cruz de Piedra.

<b>FRAPIN - Cognac</b> <b>SUSTAINABLE</b> The Frapin family can trace their roots in the Cognac region to 1210. They began as vine-growers, and then began distilling their own spirits. Frapin is now in the enviable position of being the largest single-estate in the Grande Champagne region of Cognac, with generations of experience and tradition on which to draw. The estate covers 300ha of vineyards, officially listed as Premier Grand Cru du Cognac. Two hundred hectares are planted to Ugni Blanc. The soil here is identical to that found in Reims - crumbly, chalky, hence the area's name 'Grande Champagne'. Frapin is renowned for its intense, wonderfully balanced and flavoursome cognacs. These are rich, long-lived spirits that display extraordinary complexity of aroma and depth of flavour. The fairly small scale of production also allows the family to hold generous stocks of mature spirits.
