TENUTA SANTA MARIA DI GAETANO BERTANI - Veneto ORGANIC Official documents from as early as the mid-1500s attest to the Bertani family heritage in the Valpolicella region. At the start of the last half of the 1800s, brothers Gaetano & Giovanni Battista Bertani set out to establish the first commercial bottler in Valpolicella. They introduced revolutionary vine growing techniques developed by agronomist Jules Guyot, techniques to which Gaetano Bertani had been exposed during his years of political exile in France for his active role in the Italian Unification Movement against the Austrian Empire. Today, Gaetano Bertani, great-grandson of founding brother Gaetano, and his sons, Giovanni and Guglielmo, maintain the family tradition and philosophy. Now in its sixth generation, the Bertani enterprise continues in the tradition of one of the oldest winemaking families in Italy.

TENUTA DI CAPEZZANA - Tuscany ORGANIC Historic Tuscan producer whose estate dates to 804 AD. Owned by the Medici family in the 1700s, it was the first demarcated region with it's own grape growing rules, establishing the first de facto DOCG in Italy. The 53 km wall separating the Medici's hunting grounds (now known as Carmignano) was called the "Barco Reale". The Capezzana estate was purchased from the Rothschild family in the 1920s by the Bonacossi family who were instrumental in the formation of Carmignano as a formal DOCG. Today Capezzana produces 80% of the entire appellation.

After working for more than 20 years with one of the most influential enology consultants in Italy, Giacomo Tachis, Bruno left nothing to chance when researching the best terroir and microclimates in Sicily to plant his vineyards. Sandy and salty soils were selected for the Grillo and Zibibbo vines, Viognier, Sauvignon Blanc and Traminer vines planted on the hills and mountains in the area of Trapani and the Madonie vines were planted with north exposure in order to hide from the hot and strong Sicilian sun.

GOSSET - Champagne SUSTAINABLE / ORGANIC Founded in Aÿ in 1584 by Pierre Gosset, Champagne Gosset is the oldest wine house in Champagne. For more than four centuries, the preservation of style, elegance and family traditions in the making of Gosset champagne has been paramount. Champagne Gosset's reputation for high-quality starts in the vineyard, where they source grapes almost entirely from premier cru and grand cru vineyards. Unlike most champagne producers, Gosset carefully avoids malolactic fermentation and uses extended lees aging to expose the terroir and produce dynamic, age-worthy cuvées.

GOMEZ CRUZADO - Rioja SUSTAINABLE The Gómez Cruzado winery dates back to 1886 when Angel Gómez de Arteche started to produce and bottle his own wine in Haro, at the very heart of Rioja Alta. This was in the day when the wine trade between Rioja and France passed along the Tudela-Bilbao line, and the key Rioja wineries were located around the station of Haro. The winery sits just 100m from the station to this day. Subsequently bought by Angel and Jesus Gomez Cruzado in 1916, and more recently by the Baños family, David González (winemaker) and Juan Antonio Leza (viticulturalist) now head up the winemaking team. They have been working with Gomez Cruzado for over 10 years, crafting wines from vineyards of old bush vines in the most elevated areas of Rioja Alta and Alavesa. They source from almost a hundred different plots across 3 distinct regions: Alto Najerilla, Bajo Najerilla and Sierra Cantabria. Sierra Cantabria (Rioja Alta and Alavesa).

RHYS VINEYARDS - California, Santa Cruz ORGANIC / BIODYNAMIC Recommended to us by none other than Larry Stone, Rhys Vineyards was founded in 2004 by Kevin Harvey, a tech entrepreneur and passionate wine collector who frequented the vineyards of Burgundy and became close friends with a number of families behind the top domaines of the Cotes d'Or. When he started dabbling with the idea of planting his own Pinot Noir vines, Harvey was privileged to have access to these friends' properties – researching the terroir, soil depth, structure, chemistry, hydrology, climate, among other attributes. Harvey then utilized this information to seek out what he thought were the best sites in California, looking for analogies in the vital characteristics that he believed drove the quality of the wine. His research led him to his own backyard – the rugged, rocky terroir of the Santa Cruz Mountains. Today, Rhys is a benchmark producer of great Pinot Noir, Chardonnay and Syrah with seven estate vineyards; six in the Santa Cruz Mountains and one in Anderson Valley, each capable of producing uniquely compelling, distinctive, soil-driven wine.

VER SACRUM - Uco Valley ORGANIC Eduardo Soler and two friends started Ver Sacrum in 2012 with the concept of growing and vinifying Rhone varietals in the Uco Valley of Mendoza. Their winemaking ethos focuses on fresh, low alcohol, lighter skin contact, native yeast, honest, and easy drinking wines. All grapes are hand harvested and most are foot crushed as they believe in minimum intervention in the vineyards and winery with no corrections, filtration, or pump overs. They currently make wine from two different vineyards in Barrancas in Maipu and Los Chacayes in Uco Valley. They have planted Grenache, Monastrell, Carignan, Roussane, Marsanne, Mencia, Syrah, Teroldego, and Nebbiolo.

LA CAYETANA - Mendoza ORGANIC This is the sister project to Ver Sacrum. French grape varieties didn't really exist in Argentina prior to the mid-19th Century. Finca La Cayetana, just a short drive from Mendoza City, was the first planted with French grapes and was fully planted (70 Hectares) by 1860. The first building here was constructed in the late 1700s and was later extended in 1865 and 1949, the manor house of the first large winery estate in the area. The house was purchased in 2013 by Eduardo and Emilia Soler (Eduardo of Ver Sacrum) and is today home to an experimental vineyard / nursery as well as a cornucopia of stunning artworks. La Cayetana is fundamentally Emilia's project, with Eduardo's assistance in the vineyard and tiny winery (garage!). There are plantings of Cabernet Franc, Pinot Noir, Syrah and Pedro Ximenez (Criolla Blanca). Ancient techniques such as biological ageing (maturation under flor) are practiced alongside modern precision viticulture, all with the aim of restoring the great tradition of Los Vinos de la Tierra de la Cruz de Piedra.

MOUNT EDWARD - Central Otago ORGANIC Founded by Alan Brady in 1997, Mount Edward Winery is nestled at the foot of the mountain from which it takes its name, in Gibbston, approximately 25 km east of Queenstown in Central Otago, New Zealand. The winery was a personal project by one of the region's pioneers aimed at growing limited quantities of premium Pinot Noir and Riesling; wines that would reflect the soils and climates of Central Otago. The vineyards are operated organically and are Bio Gro certified. In 2004 Mount Edward expanded, taking on partners John Buchanan and Duncan Forsyth. Their winemaking is traditional, they use natural yeasts and minimal intervention at all stages with their wines reflecting the vintage from which they came. These are hand-crafted wines, with only 6,000 cases produced annually on average.

FRAPIN - Cognac SUSTAINABLE						
<p>The Frapin family can trace their roots in the Cognac region to 1210. They began as vine-growers, and then began distilling their own spirits. Frapin is now in the enviable position of being the largest single-estate in the Grande Champagne region of Cognac, with generations of experience and tradition on which to draw. The estate covers 300ha of vineyards, officially listed as Premier Grand Cru du Cognac. Two hundred hectares are planted to Ugni Blanc. The soil here is identical to that found in Reims - crumbly, chalky, hence the area's name 'Grande Champagne'. Frapin is renowned for its intense, wonderfully balanced and flavoursome cognacs. These are rich, long-lived spirits that display extraordinary complexity of aroma and depth of flavour. The fairly small scale of production also allows the family to hold generous stocks of mature spirits.</p>

CHATEAU DE LACQUY - Landes, Bas Armagnac SUSTAINABLE						
<p>Chateau de Lacquy is one of the most prestigious and legendary producers in the Bas-Armagnac and a part of the five "Cru Legendaire" (legendary growths). Chateau de Lacquy has belonged to the aristocratic Boisseson family since 1711, thus making it the oldest family-owned producer of Armagnac. Though Chateau de Lacquy comprises 400 hectares of forests and agricultural land, only 18 hectares of the estate are dedicated to the production of Bas Armagnac resulting in very limited quantities of a legendary spirit.</p>
