In 2012 O'Rourke hired Adrian Baker the former Head of Cool Climate Oenology from Craggy Range (NZ), to oversee the mapping of soil types and the planting for a single 200 acre vineyard on a perfect south facing slope over Lake Okanagan. Planted exclusively to Burgundian and Germanic varietals, the vineyard also includes the largest planting of Gruner Veltliner in BC. In his quest to explore terroir, he purchased the 38-acre Lincoln Lakeshore property in 2009. The winery is named for its red clay soil and large stones, perfect for late-ripening varietals including Merlot, Cabernet Franc, Cabernet Sauvignon and Syrah. There is also Pinot Gris on the property. Riesling, Sauvignon Blanc, and Chardonnay from recently acquired Limestone vineyard will round out the estate portfolio. In 2017 Redstone was named "Canadian Winery of the Year" at the National Wine Awards of Canada.</p> |         |                                |          |         |           |       |

The Wine Advocate describes Manzone as a winery that "... continues to produce some of the most unique Barolos in the zone. Although his hometown of Monforte is best known for structured wines, Manzone's vineyards are among the highest in the region, and as a result his wines show unusually delicate, often ethereal personalities"</p> |      |                               |          |         |           |        |

| <p>Enrico Serafino is the oldest winery in the Roero area, having been established by a gentleman of the same name in Canale d'Alba in 1878. Due to its very long history of making Barolo in Canale, the Enrico Serafino winery is grandfathered as an exception to the requirement to vinify Barolo inside the limits of the Barolo DOCG. Today the winery owns 25 acres of Barolo vineyards in the renowned areas of Serralunga, Monforte d'Alba, and Castiglione Falletto and also makes traditional red wines of Barbera d'Alba and Nebbiolo d'Alba. The winery was purchased by the Krause family in 2016 who also own Vietti.</p> |      |                         |          |         |           |        |

| <p>A small family owned estate founded in 1929 but with roots dating to the 1700s. Run by 3rd and 4th generation vintners Valter and Emmanuel Musso. The emphasis is on organic methods and minimal addition of sulphites results in wines that express the full potential of the sites and of the grapes. Musso is producing some of the highest rated wines of the past several vintages leading one writer to recently describe them as "better than Gaja at 1/12th the price".</p> |         |                                |          |         |           |       |

The place, Monferrato, ranks among the most historic grape-growing areas of Piedmont. The fruit from this overlooked area gives us Ercole, a family of wines offering great label design and remarkable value in a 1 litre format.</p> |      |                            |           |         |           |  |

| <p>Official documents from as early as the mid-1500s attest to the Bertani family heritage in the Valpolicella region. At the start of the last half of the 1800s, brothers Gaetano &amp; Giovanni Battista Bertani set out to establish the first commercial bottler in Valpolicella. They introduced revolutionary vine growing techniques developed by agronomist Jules Guyot, techniques to which Gaetano Bertani had been exposed during his years of political exile in France for his active role in the Italian Unification Movement against the Austrian Empire. Today, Gaetano Bertani, great-grandson of founding brother Gaetano, and his sons, Giovanni and Guglielmo, maintain the family tradition and philosophy. Now in its sixth generation, the Bertani enterprise continues in the tradition of one of the oldest winemaking families in Italy.</p> |         |  |          |         |           |        |

The Furias came from Austria in the late 19th century and over time became the largest landholder in Valpolicella. For decades they leased the land to the Masi and Allegrini families. In the 1990s they formed Tenute Salvaterra to bottle their best parcels while selling off the balance as bulk wine. Their overall scale allows for the incredible value proposition that these wines represent.</p> |      |  |          |         |           |  |

| <p>The Bindi Sergardi family heritage is one closely tied with the history of the Chianti and Chianti Classico region. For twenty-three generations—since 1349—the family has been deeply involved in the politics, economics, and culture of Siena. From being leaders of the Siena government in the 15th Century to one of the founding members of the Chianti Classico Consorzio in 1924, the Bindi Sergardi family lives and breathes the history of the region. The current manager, Alessandra Casini Bindi Sergardi joined the company in 2005 following the 700 years-old tradition of her family in wine making. Inspired by her father Nicolo and following the courageous example of her grandmother Chiara and great grand mother Elisabetta, she gave new light to the family business. They make wine from their three estates: Tenuta Mocenni, Tenuta I Colli, and Tenuta Marcianella. Through their work in the vineyards and cellar they are true Sangiovese specialists.</p> |         |   |          |          |           |       |

| <p>For centuries Il Palazzo estate has been a stopping point for travelers because of its location along the ancient Via Ariminensis or Salt Road which connected Rome to Rimini. Today it boasts a spectacular agriturismo lovingly restored by the Banelli family in the 1970s along with olive groves and vineyards. This inaugural, export release of the wines, produced from the 105 acre estate just outside of the Classico zone, represent tremendous quality and value.</p> |      |   |          |         |           |        |

In the 1990s they replanted many of the classic Tuscan indigenous varietals which are used solely in their Chiantis. Owned by the Medici family in the 1700s, it was the first demarcated region with its own grape growing rules, establishing the first de facto DOCG in Italy. The 53 km wall separating the Medici's hunting grounds (now known as Carmignano) was called the "Barco Reale". The Capezzana estate was purchased from the Rothschild family in the 1920s by the Bonacossi family who were instrumental in the formation of Carmignano as a formal DOCG. | <b>VIGNAMATO - San Paolo di Jesi, Marche</b><br><b>ORGANIC</b><br><i>In the late 1940's, Umberto Ceci bought a small plot of land in the San Paolo di Jesi based hamlet of Battinebbia – An area renowned for the quality of its Verdicchio grapes. In the early 1950s, the land was passed down to son to Amato and his wife Maria, keen growers who began selling the family's wines to village locals from the farm building on the estate. In time the winery began to achieve much acclaim across the region, and the third generation of the Ceci family was drawn into the project – Maurizio and his wife Serenella formally established the estate and named it Vignamato, and began exporting to countries outside of Italy. The youngest generation of Ceci's, brothers and sisters Alessandra, Andrea, and Francesco, now run the daily operations here, and they are taking things to even higher levels. Their top white wine "Ambrosia" has been named Tre Bicchieri the past three vintages by Gambero Rosso.</i> |         |  |          |         |           |       |

In 2012 Tawse purchased the historic Domaine Maume in Gevrey-Chambertin which owns four grand cru parcels. In tandem with Marchand's négociant business they produce over 80 separate bottlings. This duo is at the forefront of a new wave of vignerons, embracing organic and biodynamic farming practices while rejecting dogma in the vineyard or cellar. Straddling the line between tradition and innovation, they are one of the most exciting new projects out of Burgundy in recent years.</p> |         |                           |         |          |           |       |

Frédéric-Marc Burrier is the family member in charge of the château, and runs the négociant business, Maison Joseph Burrier, which was named for his grandfather. In 2015, Maison Joseph Burrier purchased a stake in Domaine de la Rochette in nearby Bussières; a location that Frédéric-Marc identified as the ideal location for high quality, terroir-driven Mâcon white wine. As the president of the local winegrower's association, Frédéric has been one of the leading advocates for classifying the Pouilly-Fuissé region's best climats as premier crus.</p> |      |   |          |         |           |  |

| <p><i>Situated at the base of Mont Sainte Victoire in the heart of Provence, Richeaume was founded in 1972 by Swiss born/Yale based academic Henning Hoesch. Hoesch had very specific ideas for the estate, becoming one of the first in the region to both farm organically and to plant Bordeaux varietals. In the late 1990s Henning ceded winemaking duties to his son Sylvain, who had trained with Paul Draper at Ridge Winery. Heavily influenced by his time with Draper, Sylvain determined that the Provence AOC rules were not in line with his vision for the wines so Richeaume works exclusively under the IGP designation because it affords more creativity with less rigid regulation.</i></p> |         |                           |         |         |           |       |

| <p>The Gómez Cruzado winery dates back to 1886 when Angel Gómez de Arceche started to produce and bottle his own wine in Haro, at the very heart of Rioja Alta. This was in the day when the wine trade between Rioja and France passed along the Tudela-Bilbao line, and the key Rioja wineries were located around the station of Haro. The winery sits just 100m from the station to this day. Subsequently bought by Angel and Jesus Gomez Cruzado in 1916, and more recently by the Baños family, David González (winemaker) and Juan Antonio Leza (viticulturalist) now head up the winemaking team. They have been working with Gomez Cruzado for over 10 years, crafting wines from vineyards of old bush vines in the most elevated areas of Rioja Alta and Alavesa. They source from almost a hundred different plots across 3 distinct regions: Alto Najerilla, Bajo Najerilla and Sierra Cantabria. | <p>Garage Wine Co. is the brain child of Ontario native Derek Mossman and his Chilean wife Pilar Miranda. Started, literally, in their Garage, it has grown to be a unique and dynamic project focussed on a series of individual old-vine, dry-farmed vineyards located in the Maule &amp; Itata Valleys, south of Santiago. These small parcels are either farmed by them or the local subsistence farmers who continue to hand tend the vineyards traditionally. All lots are vinified separately with very low intervention. When Derek speaks of "provenance" he is referring beyond the terroir to the farming practices &amp; traditions that have shaped the identity of these vineyards and the wines.</p> |      |   |          |         |           |         |

| <p>Originating from North Yorkshire, Slingsby Gin is composed of spring water from Harrogate, single grain wheat spirit, and 24 botanicals (many of which are grown in Harrogate), including three types of thyme, grapefruit, rhubarb, nettles, jasmine and heather. The botanicals are sent to Langley Distillery near Birmingham for distillation before being bottled in Middlesborough. With Slingsby Gin aiming to represent Harrogate and its heritage, it is named after William Slingsby who discovered the restorative qualities of Harrogate's spring water in the 16th Century - a discovery that saw the Harrogate grow prosperously as spa town.</p> |         |                |         |         |           |       |

| <p>The Frapin family can trace their roots in the Cognac region to 1210. They began as vine-growers, and then began distilling their own spirits. Frapin is now in the enviable position of being the largest single-estate in the Grande Champagne region of Cognac, with generations of experience and tradition on which to draw. The estate covers 300ha of vineyards, officially listed as Premier Grand Cru du Cognac. Two hundred hectares are planted to Ugni Blanc. The soil here is identical to that found in Reims - crumbly, chalky, hence the area's name 'Grande Champagne'. Frapin is renowned for its intense, wonderfully balanced and flavoursome cognacs. These are rich, long-lived spirits that display extraordinary complexity of aroma and depth of flavour. The fairly small scale of production also allows the family to hold generous stocks of mature spirits.</p> |    |                             |         |          |           |           |

| <p>Chateau de Lacquy is one of the most prestigious and legendary producers in the Bas-Armagnac and a part of the five "Cru Legendaire" (legendary growths). Chateau de Lacquy has belonged to the aristocratic Boisseson family since 1711, thus making it the oldest family-owned producer of Armagnac. Though Chateau de Lacquy comprises 400 hectares of forests and agricultural land, only 18 hectares of the estate are dedicated to the production of Bas Armagnac resulting in very limited quantities of a legendary spirit.</p> |      |  |         |          |           |  |
